Here at the Coast Guard Police Department we sincerely hope that you have the best possible tour and we aim to keep you and your family safe and secure. Please contact us with any safety or security issues that arise.

Arrival

All vehicles driving on TRACEN Cape May are required to have a military ID card holder present in the vehicle. Training Center Cape May is a CLOSED military base and has only limited access to the general public. All guests must receive a Guest Pass from the Security Building. Contact security for additional information regarding access for guests.

Traffic

There are a few things you need to be aware of on TRACEN Cape May including a few unique items you will not find on other Coast Guard Bases. Here are the top 5:

1. Unless otherwise posted, the maximum speed limit on base is 20 mph. The maximum speed limit in the Housing Area is 25 mph.
2. Stop and yield to all marching formations (7 or more individuals), pedestrians, and cyclists.
3. Vehicles traveling in the same direction as a marching formation are prohibited from passing/overtaking a formation from the rear. Vehicles traveling in the opposite direction of a marching formation may pass using extreme caution, and shall not exceed 10 mph within a 50 foot radius.
4. Operating a motor vehicle is prohibited during morning colors (0800) and evening colors (sunset). During colors you are required to bring your vehicle to a complete stop and place in park until colors are complete.

Drivers shall not use a handheld cellular phone or electronic device while operating a vehicle on base. Drivers should pull over to the side of the road and ensure the vehicle is in park before using a cellular device, including hands free devices.

Bicycles

Bicyclists are required to wear a safety helmet to ride the bicycle onboard the Training Center.

Motorcycles

Motorcyclists are required to wear all mandated personal protective equipment. All motorcyclists will be directed to the Security building to receive a motorcycle pass on their first arrival to the Training Center to verify completion of a valid safety course.

9-1-1 System

Unlike most Coast Guard facilities, TRACEN Cape May is able to provide full service Police, Fire, and Medical services. All Emergency Response Operations are run from a centralized dispatch. From a base phone, you simply need to pick up the phone and dial 9-1-1.

We need everybody to be mindful of is how to contact the base-wide 9-1-1 system from your cell phone. The direct line to the base-wide system is (609) 898-6333. We recommend that you program this number into your cell and label it Base 911. That way the call will go to the proper receiving center and won't delay any emergency response.

Housing Area

Speeding through the housing areas along both Pennsylvania and Delaware Avenues is very dangerous. Posted speeds are 25 mph. Each of our housing units has children. High Speeds put the residents and children who play in the housing area at significant risk, not to mention other drivers. Be aware of stopped school buses. Although Pennsylvania Ave is a very wide street, it is still unlawful to pass a stopped school bus.

Personal Firearms

Personal firearms are not allowed on the Training Center. If you need temporary storage of your personal firearm, check in at the security building. This includes concealed carry permits.

If they are already enrolled in another region, they must complete an Enrollment Change Form or call HEALTHNET to change their PCM. Dependants that were in TRICARE Standard in another area and wish to remain TRICARE Standard do not need to complete any forms; they must only ensure that their Military Identification card is current and their address has been updated in DEERS.

DEERS: Incorrect DEERS information may cause delays in receiving referrals and cause claims to be processed improperly resulting in you or your dependents being charged for covered medical benefits. Please update your address and dependent information upon reporting aboard AND with any subsequent changes: www.tricare.mil/deers

Signing up on www.mytricare.com is a quick and easy way to find providers, monitor referrals, authorizations and access to your Explanation of Benefits (EOB). Additional information regarding provider searches and the mail order Pharmacy program is available on the web at www.hnfs.com.

Please note that the clinic is not a PCM for active duty family members or retirees. Those beneficiaries enrolled in TRICARE Prime, Prime Remote and TRICARE for Life are NOT eligible for care in this facility. TRICARE Standard beneficiaries may be seen on a “space available” basis by calling-in for a same day appointment after 10am.

Guest Quarters

uscg.mil/hq/capemay/VisitorServices/GuestQtrs.asp

TRACEN Cape May housing is comprised of 172 Coast Guard owned housing units. Eligibility for family housing is governed by the Coast Guard Housing Manual. Coast Guard managed housing is designated for military personnel assigned to Training Center Cape May and associated tenant commands. Normally, only personnel expected to be in the area more than one year will be assigned to housing except in special situations as determined by the Housing Officer. For humanitarian reasons, unusual personal situations may supersede other considerations in assigning family quarters. Such assignments will be made after consultation with the Work-Life or other required staff.

The Housing Office makes all assignments to quarters. Upon confirmation that the quarters are ready for occupancy, custody will be turned over to the Housing Office. The unit will be assigned to an eligible member from an applicable waiting list. Non-acceptance of assignment will result in removal from the current waiting list. Members may then re-apply and will be placed at the bottom of the current waiting list, if applicable. Upon notification of assignment, the member and a Housing Inspector will jointly inspect the quarters. A check-in inspection report will be prepared and, upon acceptance of the unit by the member, applicable BAH entitlements will cease. Once adequate quarters have been assigned and remain adequate, a move for the individual's convenience will be at the housing authority's discretion and at the member's expense.

Please go to the Housing Office web address, then click "Application Process" or contact the Housing Office for more information.

There are also self-help tools and garden equipment, such as lawn mowers and weed whackers, available for check out from the Housing Maintenance Shop. Equipment check out is available on Tuesday 0800-1200, Thursday 1230-1630 and Saturday 0800-1300. Contact the Maintenance Branch for more information.

Rentals

As with most areas that are summer tourist driven, finding a year-round rental property in the Cape May area can be challenging. The housing office, local newspapers and realtors (some maintain year-round rental information) may be a good option. Another is to view listings in the Automated Housing Referral Network (www.ahrn.com). Contact the MWR staff as (609) 898-6922 for information on guest housing or visit the web address above.

Quick tips for moving to New Jersey*

Article 2, §1, ¶5 of the New Jersey Constitution states that military personnel who are transferred into the State do not automatically become residents. This protection does not extend to spouses or dependents.

Section 571 of the Servicemembers Civil Relief Act states that servicemembers do not automatically become residents of New Jersey for personal income tax purposes if they move here in compliance with military orders. The same tax protection applies for certain qualifying spouses again, for income tax purposes only.

Servicemembers stationed in NJ are still responsible for sales and property tax.

Servicemembers ordered into NJ who do not elect to become NJ residents generally may: (1) retain their home state drivers license if it is held in compliance with the laws of their home state; and (2) maintain current vehicle registration in their home state for their personal vehicle. NJ Stat. 39:3-15 & 17.1.

Civilian spouses or dependents, on the other hand, should: (1) obtain a NJ drivers license within 60 days of moving into the state, or before their expiration date, whichever is sooner; and (2) register their personal vehicle within 60 days of moving into the state, or before their registration expires, whichever is sooner. *Id.*

Under the Uniformed and Overseas Citizens Absentee Voting Act, servicemembers, as well as their spouses and dependents, may vote in federal elections by absentee ballot if they are absent from their place of residence, where they are otherwise qualified to vote, due to military

service (*i.e.* being ordered to NJ). 42 U.S.C. §§ 1973ff *et seq.* Many states will provide absentee ballots for state and local elections as well.

For most servicemembers, it is preferable to maintain a single state for tax, voting, drivers license and car registration purposes. But use caution—the rules for servicemembers and their spouses can vary.

NJ requires a license to operate powerboats on non-tidal waters only. NJ Stat. 12:7-72. However, with few exceptions, all operators of powerboats (including jet skis) in NJ waters must have completed a safety course, regardless of where the boat is operated. NJ Stat. 12:7-61. Nonresident military personnel who present written proof of completing a comparable out-of-state boating safety course are exempt from both requirements. All non-US documented powerboats, and sailboats greater than 12', regardless of where they are operated, generally need to be registered in NJ if berthed in the state for more than 180 consecutive days. NJ Stat. 12:7-34.38.

NJ firearms laws are more restrictive than most other states. You may generally not possess a privately owned assault weapon or large capacity magazine (greater than 15 rounds) even in your home. NJ Stat. 2C:39-1. You may, without a permit, move in or out of NJ with an otherwise legal (non-assault, non-large capacity) rifle or pistol if it is unloaded and in a locked case or in the trunk of a vehicle. However, with few exceptions, you generally cannot possess firearms outside of your home without a license. NJ Stat. 2C:39-5,6 & 58-3.

*These tips are general guidelines do not constitute legal advice. Legal requirements may vary depending on individual circumstances. If you have questions concerning what the law requires, you should contact the legal office or an attorney of your own choosing.

Ombudsman

Human Resources Health, Safety and Work-Life

tracencmombud@hotmail.com

uscg.mil/hq/capemay/SupportServices/Ombudsman.asp

The Ombudsman serves as a link between a Coast Guard command and the families of the command. An Ombudsman can assist families in locating resources, communicate information from the command to the families and take concerns of families to the command.

The Ombudsman is a volunteer (who may be a spouse, reservist or auxiliarist) who is designated by a command and serves as a link between the command and families by assisting the command in its functions of providing information and related services to families regarding sources of assistance available to them, Coast Guard and command policies, and activities of interest to family members.

There are several Ombudsmen here in Cape May who serve the TRACEN and its tenant commands. Ask your supervisor, sponsor or the Family Resource Specialist (609-898-6885) who your Ombudsman is or contact the above e-mail address. This is a great resource for the family that should not be overlooked!

We raise this money through voluntary donation activities such as bracelet sales at recruit graduation. We remain positive, focused and have fun along the way.
